

Microsoft Office 365 for professionals and small businesses

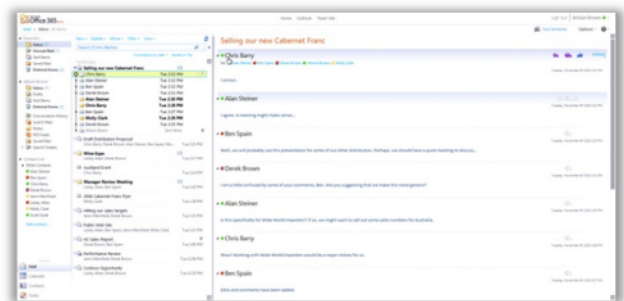

Get the value, power, and simplicity of Microsoft® Office 365 for small businesses, a set of web-enabled tools that lets you access your email, documents, contacts, and calendars from virtually anywhere, on almost any device. The service brings together online versions of the best communications and collaboration tools from Microsoft, at a price that small businesses can afford. This is the much-anticipated cloud service that gives small businesses the capabilities and efficiencies to grow and target more rapid success.

Why Office 365?

WORK FROM VIRTUALLY ANYWHERE

Be productive on the go.

- Access your information via familiar Office desktop applications on PCs and Macs.
- View and edit documents with Office Web Apps across a broad range of browsers (Internet Explorer®, Firefox, Safari).
- Access your email from most browsers with Outlook Web App.
- Access mail, contacts, calendar, and SharePoint® sites from mobile devices including Windows® Phones, Nokia, Android, iPhone, and BlackBerry.

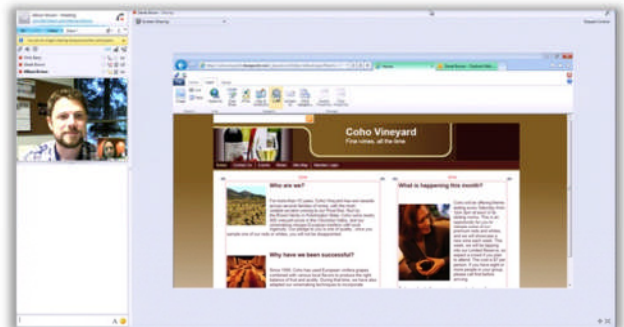

Web applications with cross browser support

COLLABORATE BETTER

Work together, smarter.

- Conduct online meetings with colleagues, partners, and customers, including audio, video, and screen sharing.
- Create sites to store your important office documents and work together with colleagues, partners, and customers.
- Share your calendar with colleagues, partners, and customers.
- Share important business information, including Access databases.
- Simultaneously edit documents with your colleagues.

Online meeting presentation with PC-to-PC audio and video

LOOK PROFESSIONAL

Be what's next.

- Easily design a professional looking public website.
- Communicate with a domain-based email.
- Interface with customers using professional communications and collaboration tools.

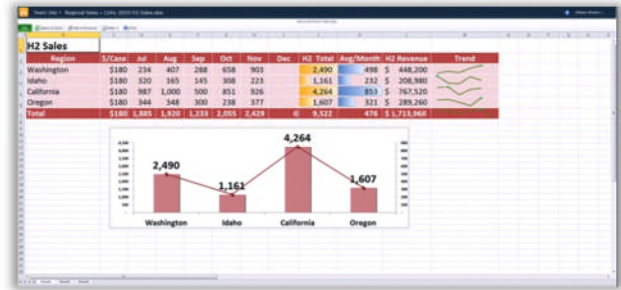

Easy-to-use web-based design tools

WORK WITH WHAT YOU KNOW

Use familiar Office tools.

- Works seamlessly with the programs you know and use most including Microsoft Outlook®, Word, Excel®, and PowerPoint®.
- Outlook powered by Exchange Online provides powerful tools for managing your email, calendar, and contacts.
- A familiar ribbon interface across the Office suite, including within Web Apps.

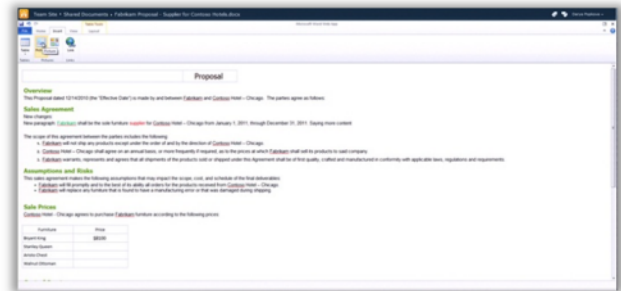

Familiar Office applications
